

VIRUSKILLER VK401

This is the perfect air purifier and steriliser for medium to large rooms. Combining pre filter, HEPA filter, activated Carbon filters and the reactor cell of 8 Powerful UVC lamps with 30 TiO₂ hexagon filter tubes makes it the ultimate solution for spaces up to 60m²

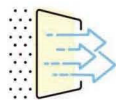

As many other HEPA air purifiers, the VIRUSKILLER is a great solution for combatting particles such as dust, pollen and dander. Unlike ordinary HEPA air purifiers, the VIRUSKILLER is also super efficient at neutralising toxic gas, VOCs, viruses & bacteria, mould & fungi...making it the best all-rounder in its class.

The VK401 is surface stood or wall mounted, uses little energy and has a quiet operation and unparalleled efficiency making it the perfect choice for home and work environments where people want the highest level of clean air.

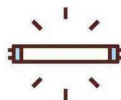

SPECIFICATION

Airflow
120-240m³/h

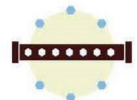

Filters
Pre Filter (washable)
HEPA Filter
Carbon Filter

UVC Lamps
6W 254nm
8pcs

Room Size
60m²

TiO₂ Filters
~30pcs

Net weight 12.9 kg	Dimension in mm 170D x 590L x 365H	Max electricity 140 W
Power cord length 1.2 m	Free standing / Wall Hung	Remote control included
Activated carbon filter 6000 hrs	Reactor cell lifespan 8000 hrs	HEPA filter lifespan 2000 hrs
